# SESSION #1

Thursday 26th March, 2020 - 8am (AEST)

*Exploratory Session*

Hosted by Michelle Dunscombe

Jeder Institute, Australia

## Check-In: *What's happening in your world right now?*

### Exploratory conversation: Thoughts about these sessions?

Leave it emergent.

Set some topics/themes – within the themes; is it conversation or a teach?

Who would we reach out to as guest speakers/presenters/hosts – what would we call them?

Do we put out an agenda for each one? Specific timings and flow?

Under 12 check in live: check in question and what they would like next time.

Under 12 check in chat: check in in the chat, host will intro with the why we are doing this, please add suggestions into chat.

What else? What does this lead to?

Do we have an offering for each call? - if you want to dive deeper into this, join our 3 hour session. Will they have a cost?

Things like a hold slide. Screen sharing. Not our usual Jeder slide but a T series slide.

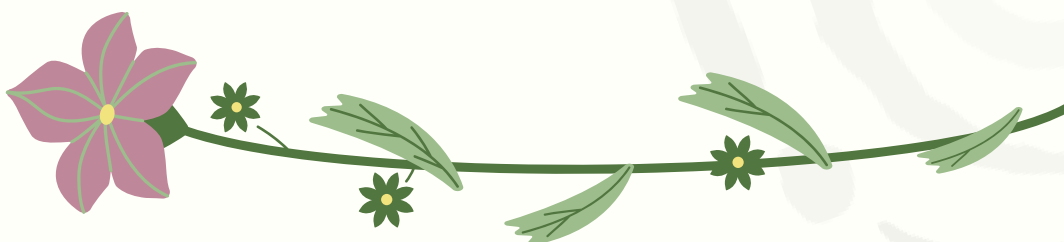

Guest speakers – 20 mins 4-6 slides 20 minutes

Q&A – once a week – give them the 2 options and they can decide which one.

Tuesday becomes guest speaker day.

Invite speaker with 1-2 weeks notice and ask them to share their upcoming session through their own networks.

# SUMMARY

By Dee Brooks

This 4 month series took our team to the point of pre-planning for the Inaugural ABCD Unconference in June 2020, which was attended by thousands of people around the world.

## Stats at a Glance

39 sessions  
48 hours  
22 Host countries  
2575 session registrations  
1259 unique participants

The consolidation of learning was consequently shared through many Unconference sessions and the relationships that had been built over the 4 months of the T Series, with practitioners around the world, were pivotal in the success of the planning team for the 48 hour ABCD Unconference!

We were humbled by the response from people who shared their time willingly to create both the 4 month series and the first ever online ABCD global gathering.

With much gratitude and appreciation from the ABCD and participatory community building team from the Jeder Institute.
